Workbook to Accompany Nursing Assisting: Essentials for Long-Term Care
Second Edition
Barbara Acello, MS, RN

This workbook provides numerous activities based on the chapter content to help learners review, recall, and reinforce essential concepts in nursing assisting practice. The use of this workbook to enhance understanding helps the learner become more confident in his or her knowledge and skills. A variety of exercise formats are used to challenge learners, including labeling exercises, word searches, and crosswords.

Features
- Tips on how to study effectively.
- Documentation exercises encourage learners to practice this very important skill.
- Skills checklists offer step-by-step procedures so learners can check their ability to perform skills.
- Critical thinking questions are included that require learners to think through the scenarios.
